DEDICATION

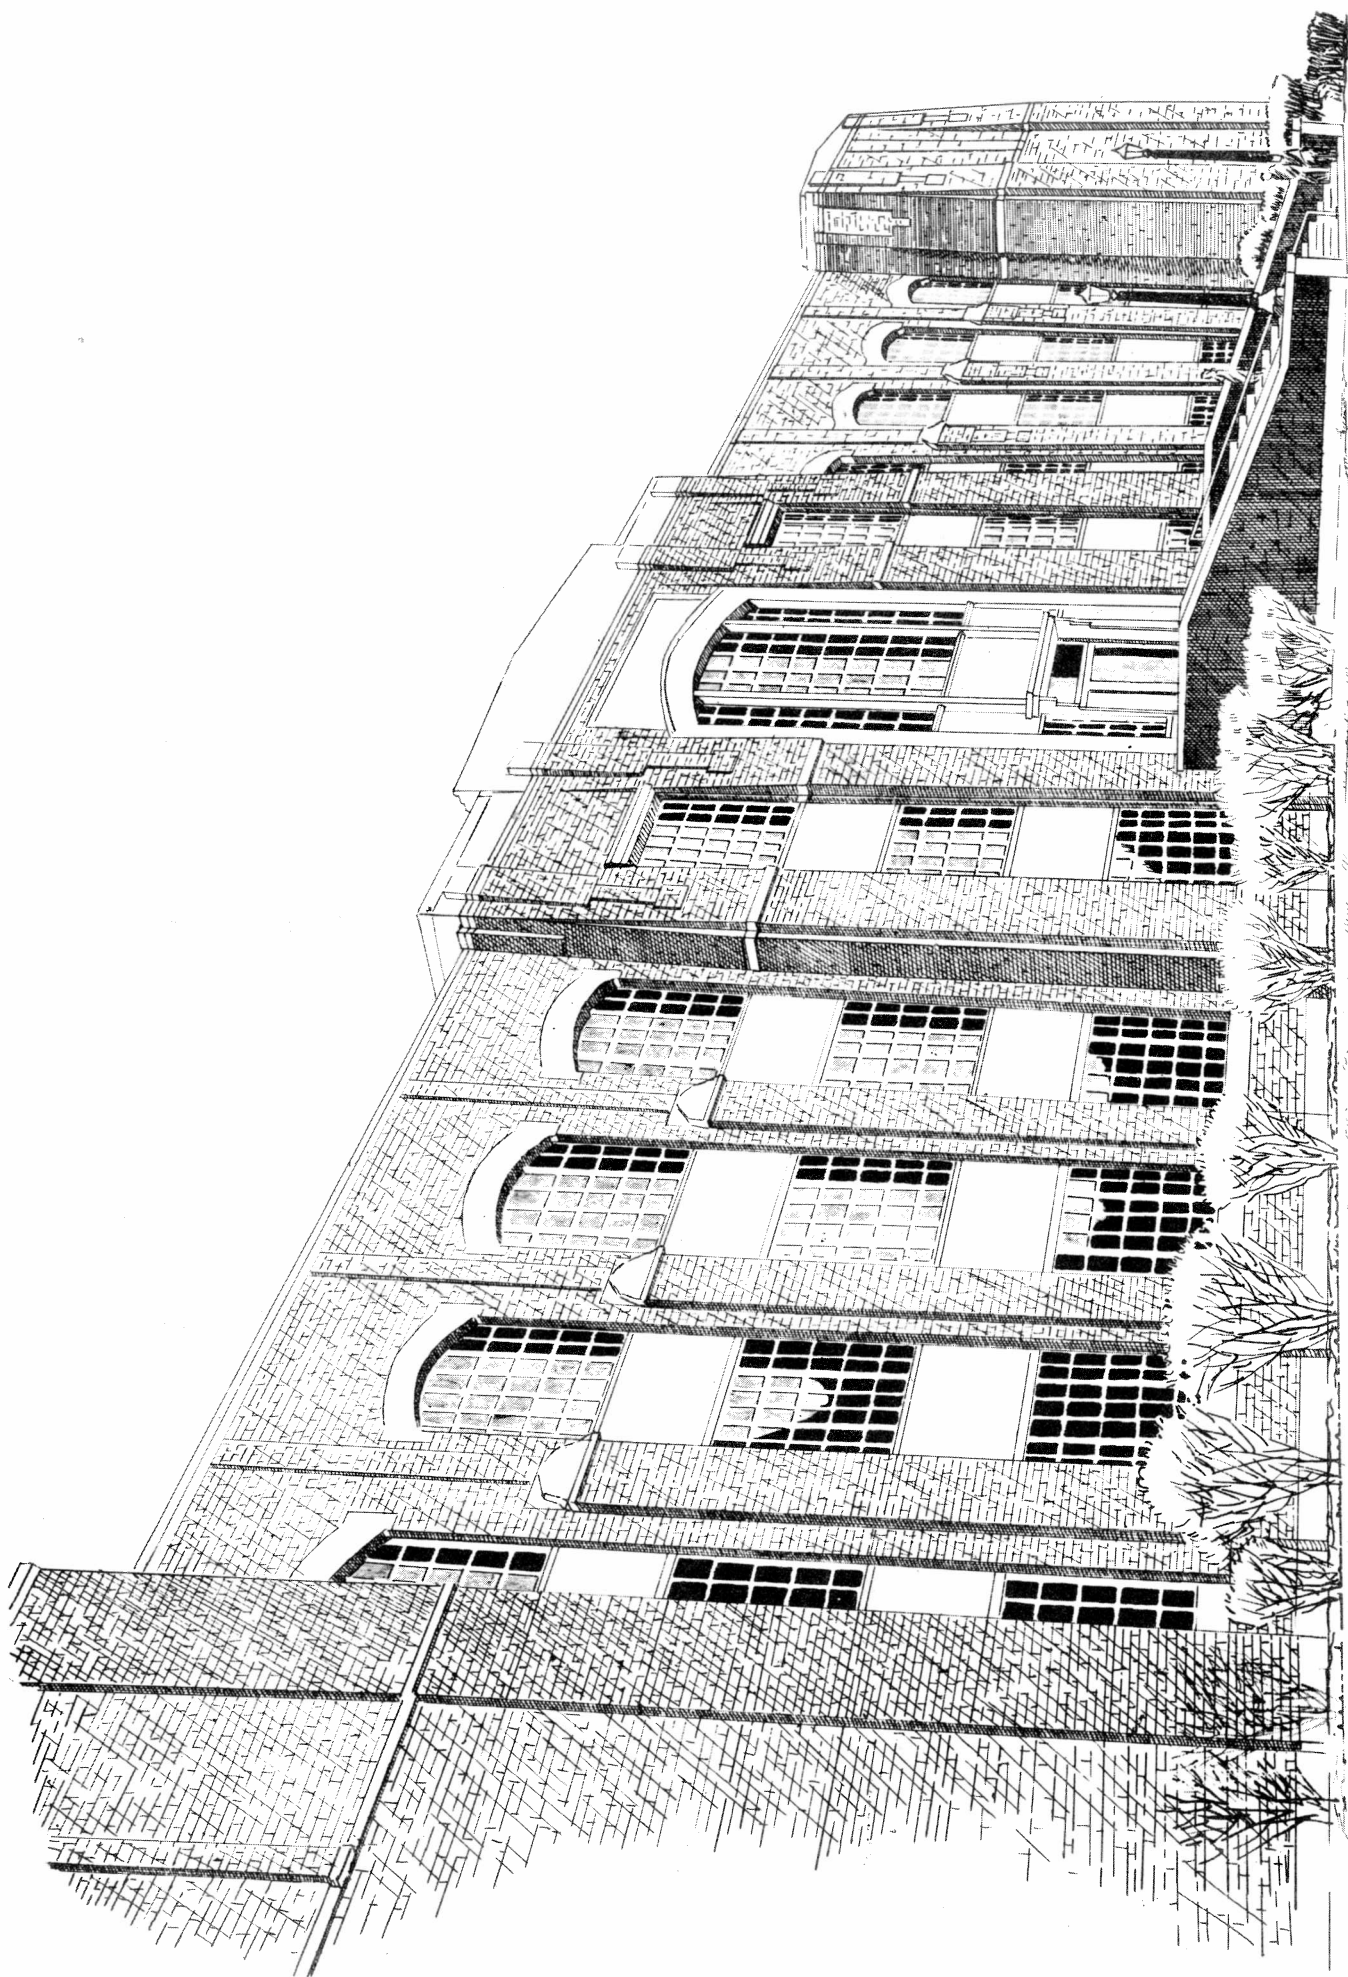

MR. NEWELL

After graduating from Aylmer High School, Mr. Newell attended the University of Toronto. After university he taught at Maxville High School and at North Bay Collegiate Institute and Vocational School for a total period of three years. During World War II, he served in the R.C.A.F. as a pilot instructor. In 1945 Mr. Newell became a physical education teacher at S.C.I. & T.S. where he has been active as coach and cadet instructor. During his holidays and weekends Mr. Newell spends many hours hunting and fishing.

Next year, Mr. Newell's familiar face and satirical statements will have vanished from the halls of S.C.I. & T.S. After seventeen years Mr. Newell is being sent to our new rival, St. Clair High, to set up their guidance and physical education departments.

Those of us whom Mr. Newell has taught will be richer; those of us whom he hasn't will be the poorer for it.

The students of S.C.I. & T.S. are proud to dedicate this year's Ad Astra Annual to Mr. Newell — a real friend as well as a capable teacher.

RECOGNITION

MR. PAYNE

Mr. Payne was born in Hillsdale, New Brunswick, thirty miles north of St. John. His teaching profession began in 1914 at a little country school near his home town. Since then he has taught at one high school, S.C.I.T.S., and one college, this being Assumption. Twice during his teaching career he was called to serve his country in the armed forces. Mr. Payne's name has echoed through the halls of S.C.I.T.S. for many years. Students will remember him for his interest in debating and his excellent teaching ability. We do hope he will remember the staff and students of S.C.I.T.S. while enjoying his retirement vacation in Florida.

MR. HOSIE

Mr. Hosie started his teaching career in the community of Harrow near Windsor in 1938. Three years later he went to New Hamburg for a year and then on to Cornwall the following year. In 1944 he joined the staff of the Stratford Collegiate Institute and remained there until 1951 when he went to Galt as director of guidance for the Galt Board of Education. He came to SCITS in 1955 and served as vice-principal for four years. He proved even more faithful to SCITS and stayed on as principal for the two years following. Mr. Hosie has contributed greatly to the school spirit of SCITS and will stand out in the memories of many as one of the top principals in the past years, and no doubt in years to come.

MRS. HOSIE

After graduating from Western University in 1939, Mrs. Hosie began her teaching career. She has been on the teaching staff of four schools, Sarnia being the fourth. Mrs. Hosie's qualifications have enabled her to teach classes in French, English, History, Physical Education, and Guidance. She has been a Commercial Department Instructor in English and head of the girl's Guidance Department at S.C.I.T.S. for the past six years. During holidays and on week-ends Mrs. Hosie is active in Church groups and other organizations. Mrs. Hosie's personality and smile make it a pleasure to be a student in her class.

DOW CHEMICAL OF CANADA, LIMITED

During this year I have had occasion to leaf through the back copies of the annual magazine published by the students of this school and its forerunner. The earliest magazine on file was published in 1915. From 1919 to the present there have been only one or two years when a magazine was not published. It was originally called The Collegiate, but since 1949 has been called the Ad Astra Annual. In these publications the faces have changed, the clothes have changed, the covers have changed and in certain respects the format is different. But in the one most important way it has not changed; it continues to be the only complete historical record of the students in Sarnia Collegiate Institute and Technical School, their activities and accomplishments.

Our predecessors accomplished great things. There has never been a year that there has not been some major recognition for the school. We are the people who have fallen heir to this great tradition of which we are justly proud. The academic achievements of our students during this past year have been particularly outstanding. Apart from that, the one major accomplishment, involving the whole school, has been the establishment of the awards system encompassing every phase of school life. Every student who wears the Honour Letter does so with pride in personal success and the knowledge that he has made an outstanding contribution to the life of the school. It is anticipated that the Lettermen's Club will become a really active and influential alumni organization as it gathers momentum.

To the staff of the 1960-61 Ad Astra Annual goes the sincere thanks of everyone for a splendid job of keeping this record of our school's attainments intact. It has been a big job, but it has been well done and you can be justly proud of your handiwork.

G. T. Hosie,
Principal

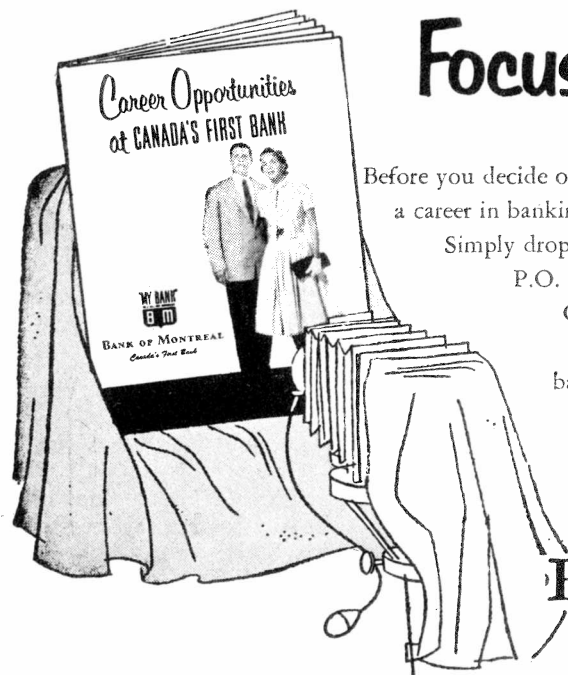

THE SARNIA GENERAL HOSPITAL

School of Nursing

Offers an approved course to High School Graduates seventeen years of age or over. The minimum entrance requirement is the Secondary School Graduation Diploma with four options, one of which is science, but preference will be given to students who have more than the minimum requirement when factors such as interest and aptitude seem equal.

It is an advantage for students to complete Grade 13 before entering Nursing School. Students registering in Grade 13 should take English, Chemistry, Biology a language and one other option.

Before you decide on your vocation, it will pay you to read about what a career in banking has to offer you—its opportunities and benefits.

Simply drop a line to the Staff Department, Bank of Montreal;

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

The accomplishments of our students, during the past year, will leave a lasting impression in our minds. Last year's graduating class won over \$15,000.00 in prizes, bursaries, and scholarships. Again this year one of us won a trip to the United Nations and one of us was elected to an important position in the Key Club Organization. Our Students' Council president faced a serious crisis in her life and has shown us the real meaning of courage and determination.

In order to give recognition to S.C.I.&T.S.'s students, who excelled not only in extra curricular activities and athletics but also in the academic field, we present Honour Letters to the deserving students. We hope that the students who receive their Senior Letters will wear them proudly and set an example for, and give incentive to their fellow students.

A Letterman's Club made up of students and alumni, who have received their Senior Letters, has been formed. It is hoped that this Club will become a valuable asset to school life through service to others.

A combination of hard work, fair play and perseverance has produced teams and organizations of which, we of S.C.I.T.S. can be very proud. The football team, gym team, Scits Revue and cheerleaders are only a few examples of this.

We should be very proud of these accomplishments, but we should not be satisfied to grow fat with praise. We must strive to set new records and accomplishments in the year to come.

As editor of this years publication, I would like to thank the Ad Astra Editors for their assistance and all others who assisted in the publication, on behalf of the students, for a job well done.

Also, we would like to thank the Commercial Department, Mr. Konkle and Mr. Irvine for their assistance. The staff would like to thank Mr. Galpin, our staff advisor, for his valuable assistance in the publication of this, "the 46th edition of the Ad Astra Annual.

Valedictory Address

by Jacqueline McRae

We who have just received our diplomas have completed twelve or thirteen years of schooling, and many of us are going on to obtain more formal education. But what is education? The dictionary defines it as "the systematic training of the moral and intellectual faculties". Here, at the Sarnia Collegiate Institute and Technical School, we have obtained the most important part of this training.

Much attention has been paid to education in the past fifteen years because of the race between Russia and the West. Many people seem to think that the Russian school system is superior to ours, and it is true that the Russians have come a long way since the First World War, and do have scientists and artists to equal our Einsteins and Hemingways. I am not qualified to judge the two systems, but I do believe that our way is the better, and will continue to be better as long as there are people who question our methods, and try to improve our system in order to make better people and more well equipped citizens of our students.

Alexander Pope in his poem "A Little Learning" expressed some very profound ideas on the subject of education. He wrote those famous words, "a little learning is a dangerous thing", and went on to say, "Drink deep or taste not the Pierian spring. There shallow draughts intoxicate the brain, and drinking largely sobers us again. Fired at first sight at what the muse imparts, in fearless youth we tempt the heights of arts, while from the bounded level of our mind short views we take, nor see the lengths behind. But more advanced, behold with strange surprise new distant scenes of endless science rise! So pleased at first the towering Alps we try, mount o'er the vales and seem to tread the sky, the eternal snows appear already past, and the first clouds and mountains seem the last; but, those attained, we tremble to survey the growing labours of the lengthened way th'increasing prospect tires our wandering eyes, hills peep o'er hills, and Alps on Alps arise!"

Learning is like mountain climbing. No sooner do you conquer one peak than there is another higher, steeper one right behind it, and in learning there is no Everest that any particular man can climb to the top of. When I was in grade two I decided that I had learned all that I wanted to, and so I packed up my books and went home to announce to my parents that I had quit

school for good. The reaction was not favourable. I was back at my desk the next morning. Since I couldn't climb down my mountain of education, and it was obvious that my parents were not going to let me stay on the grade two plateau, I had no choice except to climb onward, and onward I climbed. I waded through grades three and four, struggling with pens and ink and fractions. I plodded along to China with Marco Polo in grade five, and finally I reached the top of my first big mountain, grade eight graduation. It felt like the top of the world, but I soon realized that an even higher and more difficult mountain was looming ahead of me — high school. Onward I climbed. The start was easy, but the ascent became steeper. I waded through Latin, wrestled with English, and struggled over my maths. At last I and my climbing companions have reached the top of what may prove to be our toughest mountains.

Learning doesn't start with kindergarten nor does it stop with high school or university graduation. If a mountain climber stopped on any one of a dozen ledges refusing to climb higher and unable to climb down, he would freeze to death. So it is with the human mind. If it is stranded on the grade two, or grade ten, or grade thirteen, or university level it freezes to death, and is useless to its owner. Learning must continue throughout life whether we are sixteen, thirty-six, or eighty-six. Only by learning, acquiring new skills, accepting new ideas, systematically training our intellectual faculties, can we keep our minds alive and useful.

Learning is not something that we can keep to ourselves. Once we have conquered our mountains it is our duty to chart them so that succeeding climbers will not have the same troubles we did. If our elders had kept all their knowledge to themselves, each new generation would have to learn all over again how to build a wheel, use fire, harness water power, and make space ships. This is where our teachers come in, and over the years at S.C.I.T.S. we have had many excellent teachers who have carefully interpreted to us the charts made by former generations of climbers, and have given us the equipment to climb our mountains and face the world. It is traditional in this school that a member of the graduating class pass on to the incoming grade nine class a lighted candle, the symbol of learning. At this time it is my pleasant duty to continue this tradition and to pass this symbol to Joan Wirta.

KEITH AMBACHTSHEER

Keith, more commonly known as "Dutch", has been a valuable asset to SCITS. This year, he was an integral part of the SCITS Revue, sports editor of the Ad Astra and helped lead the Blue Bombers in their best season in three years. "Dutchie" being allergic to work, plans to go to the university next year. His favorite saying is "Honest Mrs. Williams, my pen ran out."

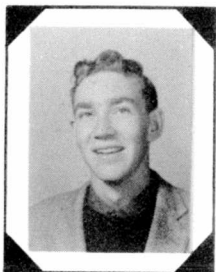

BOB COCARELL

Bob is an amiable student who obtained honours in grades nine and ten. The "Y" Teenage Leaders' Corps takes up a lot of his time, but he manages to be in the Key Club, school band, and Hi-Y. In 1959-60 he was treasurer of Teen-Town and last year he received his Red Cross leader's swimming certificate. Bob plans to attend Western University next year.

JOAN PROUSE

Joan is a quiet well liked girl from Mooretown. Her school activities are limited but her outside activities consist of Hi-C, president of C.G.I.T. and assistant secretary of Sunday School. Joan plans to enter Sarnia General Hospital to study to be a Lab Technician. Her pleasing personality, good sense of humor and friendly smile will carry her far. The class wishes her the best of luck in her chosen career.

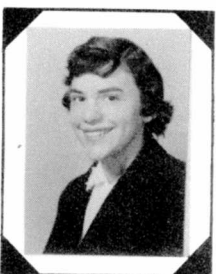

DUNCAN WHITE

This is Dunc's fourth year at SCITS. He came to us from Northern after Grade 9. He was an honour student in grades 9 and 10. Next year he plans to either complete grade 13 or attend Junior College. He is well liked, treasurer of this year's Key Club and a member of Hi-Y. Most of his time is taken up by his Mother's Black Chevy.

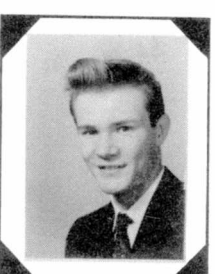

KEN GAMBLE

Ken is a loyal friend and a true pal to all who know him. Ken has taken an active part in the soccer team, hockey team, B.A.A., swimming, etc. Outside school Ken is active in YM-YWCA work. An active member of BDALTA, Ken's favorite saying is "Let's go back to Huntsville." We wish Ken the best of luck in the years to come.

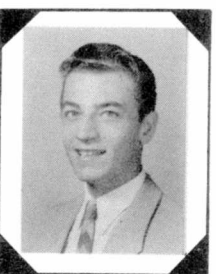

JOAN COOLLEDGE

Joan's friendliness and good humour makes her an asset to any class. This year, Joan is a member of the Ad Astra staff, Glee Club, Girls' Rifle Club, Referee's Club, and active in all inter-form sports. In her spare time, Joan can be found playing the piano, listening to records, or preparing Sunday School lessons. After graduation she hopes to attend Teachers' College in London, and we certainly wish her the best of luck.

WALT HODGINS

Walt has received honours throughout High School. At the completion of grade 13, he plans to attend the University of Toronto and major in Pharmacy. In the mornings, afternoons, and evenings, Walt may be found doing homework. He is noted for his wide and varied vocabulary, and trying to create the impression that he is clever. His favorite saying is "Get serious". Good luck "Wally".

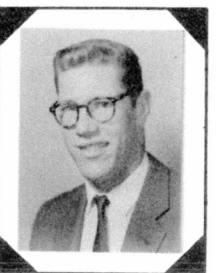

JIM CHAMBERS

Jim is in his third year here at SCITS. Last year he graduated from Industrial Chemistry with honours and now plans to complete grade thirteen. Jim plans a career in the chemical field. He is well liked among his many friends at SCITS, and he is noted for having his Physics problems complete? Jim's extra-curricular activities consist of basketball and a "her".

JERRY VANDENTOP

Jerry, after completing grade 9 with honours astounded all psychological predictions by completing grade 10. Jerry contends that he will some day enter university. During the 1960-1961 school term, many students accepted the invitation of the various clubs in the school and joined with others in the extra-curricular activities they provided.

Each club is maintained under the cooperation of members of the student body, and a staff advisor whose interests lie in the nature of the club. Their purposes are many. Some of the clubs provide pleasure, others inspire their members educationally and spiritually, each contributing to the school in many different ways.

Some of these organizations help other students to make it possible for them to enter University, by offering bursaries and awards. Others participate in regular school activities,

such as the handling of our school pictures, which the Students' Council does so efficiently each year. The Scits Club provides enjoyment for the general public through the Annual Scits Revue produced each Spring. The Key Club has made it possible for a Korean Orphan to live a less complicated life by becoming his foster parents until he becomes of age.

These are only a few examples of the projects carried out by each organization or club for the benefit of fellow students, the public, and others. There are many more — I'll let the club members tell you the rest.

Judy Blake

Mary Lynne: "My hair's full of electricity."
Ann: "It should be; it's connected to a dry cell."

Miss Wilson: "I would like some alligator shoes."
Sales Clerk: "What size does your alligator wear?"

Mr. Stevens: "Pollard, what can you tell me of the Medes and the Persians?"
Lynn: "I never keep track of those minor league games."

Mr. Pate: "What is the formula for water?"
Sharon P.: "H I J K L M N O."
Mr. Pate: "Where in the world did you learn that?"
Sharon: "you told us yesterday that it was H to O."

CHOK Announcer: And don't accept something just as good, ask for the real substitute by name."

Tourist: "Lived here long?"
Native: "Don't know, hain't dead yet."

The Student Council is composed of the Executive:

President - Diane McLeod
 Vice-President - Carol Swift
 Secretary - Judy Foster
 Treasurer - Tom McCord

a representative from each form; a representative from each organization within the school; and two excellent staff advisors — Mr. Pate and Mr. Little.

The Council strives for betterment of the school and a variety of extra-curricular activities.

Some of the activities of the Council this year included the preparations of the annual "At Home" which involved decorations, hiring of an orchestra, mixing and serving of the punch and general problems connected with the whole affair. The Com-Te-Calls, held on Friday evenings are arranged by the Council which provides music,

decorations and prizes to the form sponsors of these dances, capably supervised by the assigned chairmen and their committees.

The Council is responsible for some annual awards presented at Commencement. Fifty-dollar cheques are presented to the most outstanding boy and girl based on all-round citizenship. Ten-dollar cheques are awarded the students of Grade nine and ten of all departments having achieved highest scholastic standing in the year's work.

Within the Council, newly designed pins are awarded to representatives with 80 per cent attendance at all meetings. With the addition of the new cafeteria, this organization has arranged to have it decorated for the Christmas season to provide festive surroundings for the many lunchers. The Council is also responsible for the annual sale of student pictures, Christmas cards and "Ad Astra" sales. As a result of group co-operation, the Council has made the 1960-61 year a great success!

KEY CLUB

Back Row: Wayne Scarrow, Lynn Pollard, Duncan White, Mr. Cameron, Peter Dolezel, Paul James.

Front Row: John Walker, Hugh Coulthart (President), Larry Kerr.

KEY CLUB

The Key Club is an active service organization in the school and does much for the betterment of the life at S.C.I. & T.S. The members of the executive are: Hug Coulthart, president; John Walker, vice-president; Larry Kerr, secretary; Duncan White, treasurer.

The Key Club's main project again this year is the continuing support of Pham Van Van, the school's Vietnamese foster child. The club has received two letters to date (Dec.1) and we find that he is still well. A Christmas package consisting of flour, sugar, candy bars, canned goods and other necessities was sent to him. In January \$180 will be forwarded to the Foster Parents Plan to sponsor him during the coming year.

To help pay for your foster child, the S.C.I. & T.S. Key Club sponsored the first school dance of the year — "The Key Club Dance". The boy's

gym was decorated in blue and white and each person wore a tag with his name on it. The Key Club cleared \$85 from the dance which went directly into the Pham Van Van fund. All in all the dance was a great success.

The Key Club has been busy in other respects also. At the beginning of the year the club polished the school's trophies contained in the trophy case. The community chest posters which you saw in the store windows downtown were put there by our members. During the summer the Key Club helped to tag for the S.P.C.A. tag day in Sarnia. The long awaited lecturn was finally complete after the idea was put forth and encouraged by the Key Club. Until the cafeteria was opened milk was sold by us to the students. We also checked coats at all the school dances and at all the Kiwanis travelogues.

INTER-SCHOOL CHRISTIAN FELLOWSHIP

"To know Christ and to make Him known" is the motto of Inter-School Christian Fellowship groups throughout Canada. Each week the group meets in a classroom during the noon-hour with the idea in mind that it will study God's word in an effort to get better acquainted with spiritual things. It is also the desire of the group to get many new students interested in its activities.

Meeting plans have been set up which include Bible studies, plays, panel discussions and even quiz programs. Christian fellowship is also enjoyed in the form of socials which are organized by the executive of the group of one of the schools, or by the combined executive of the Sarnia High Schools. The groups of the schools from the surrounding district are usually invited to participate.

Summer camps are organized in order to help those who have been elected as the executive for the following year. Each one who attends these camps finds it very profitable indeed.

The Inter-School Christian Fellowship group of S.C.I. & T.S. meets each Friday during the noon-hour in the music room. The meetings this year have been well attended, but we are always eager to see new faces in the group.

THE ECCLESIA

The Ecclesia is a small but important organization in the extra-curricular activities of S.C.I. & T.S. Under the guidance of Mr. Stevens it has developed into a forum where any student is welcome to express his opinion on the subject under discussion. It engages in debates, panel reports and round-table discussions, on topics of current interest. In the past it has considered such topics as Canada's immigration policy, the American presidential election and capital punishment.

President, Gail Seigel and Secretary, Peter Dolezal, the officers for this year, have led the club in such other projects as establishing correspondence with high school groups in other countries and engaging in debates with other schools. All of this is intended to broaden the interests and knowledge of the members and to give them a better understanding of the world around them.

BOWLING CLUB

President: Bob Muir

Secretary: Heather Kirby

This year's bowling club has been very successful. We have twelve teams, each with about five members. The teams and captains are as follows:

1. Rebounders - Ted Kirk
2. Magni Quinque - John Mowry
3. Perfidia - Heather Kirby
4. Lucky Strikes - Jean Arnold
5. Fire Balls - Elsie Storozuk
6. Scavengers - Don Partridge
7. Us - Janet Kloske
8. Odd Balls - Steph. Brock
9. Strikers - Gail Bowring
10. Die Hards - Dunc White
11. Untouchables - Bob Muir
12. Outlaws - Carol Haight

Our high scores were bowled quite early in the year. Thy boy's single was, 316, bowled by Jim Flowers, and the girl's high single, 304, was bowled by Gail Murro.

This year we are hoping to have a banquet to be enjoyed by all the bowlers instead of trophies for only a few.

The third student-teacher bowling match was won this year by the teachers. The teams were as follows:

Teachers	Students
Mr. Stevens	Bob Muir
Mr. Little	Ted Kirk
Mr. Ditta	Steph. Brock
Mr. Aiella	Janet Kloske
Mr. Rome	Howard Lanning
Mr. Wilker	Don Partridge

All of our teams also bowled against teams from Forest and Central and won all games coming out in first place.

S.C.I.T.S.CLUB

Each year this club presents the annual "Scits Club Revue." This is the 31st presentation and with the theme "Around the World in 80 Days," it should be the best show yet.

The purpose of the Scits Club is solely for the benefit of the students. It increases their social relations, satisfies their talents of showmanship, and develops their personalities. This is summed up by three "i's"; it inspires, instructs, and interests.

The executive and staff advisors hope that you, our critics, think our efforts this year meet the standards that they have in the past.

MATH CLUB

Back Row: Peter Dolezal, John Woodrowe, Penny Catton, Mr. Beardsley, Bob Russel, Diane Attlewhyte, Dorothy-anne Henry.

Front Row: Sharon Penning, Gail Seigel, Sharon Blackshaw, Irene Vantol, Virginia Traxlu.

MATHEMATICS CLUB

The Mathematics Club is composed of about fifteen members who meet every Tuesday at noon. Gail Siegel - 12A, is President; Sharon Blackshaw - 12A, is Secretary; Mr. Beardsley and Mr. Scott are the Staff Advisers. Although the main purpose of the club is to prepare for the Science Fair held annually, and the Math Congress Tests held every spring, the members have many other projects. At the beginning of the year, they learned how to survey using simple instruments. Then, they went to Western University on October 22 where they were taken through the Observatory, given a short demonstration by a mathematics professor, and had the I.B.M. machine and its principles explained and demonstrated. They also visited Imperial Oil for a lecture and demonstration of an I.B.M. machine there. Part of the club is working on a mural depicting the history of mathematics which will be hung in room 311 when completed. The other half of the club are working out the principles of analogue computers which they intend to demonstrate later this year.

BOYS' SPORTS

Editorial

THE VALUE OF HIGH SCHOOL SPORTS

Although, if a poll were taken in the halls of "ol' S.C.I." today, we would get a host of different definitions of success, the fact remains: everyone wants to be a success. The editors feel that, however many factors contribute to the ultimate realization of this goal, there is one factor which far outranks all the others. What then is this key to success? Is it brains? or brawn? or Brylcreem? No, the main ingredient of any success that has ever been attained has been desire.

It was a tense huddle as the Bombers were losing 13-7 to St. Pat's in the Red Feather game last fall. Only ten minutes remained. It was S.C.I. & T.S. ball on the St. Pat's four yard line on the third down. The series had originated on the one and a determined Irish line had thrown back on both attempts to cross the goal line. Oreskavitch now called on Lewis Daws to make one final attempt to score and of course it has long been history that Lewis didn't fail his teammates. What was his secret to success? No doubt speed and power helped, but without a strong desire he never would have made it.

Again it was "do or die" for the boys in Blue and White as our Junior Basketball team faced Central in a game that could have put them out of contention for the Championship. The

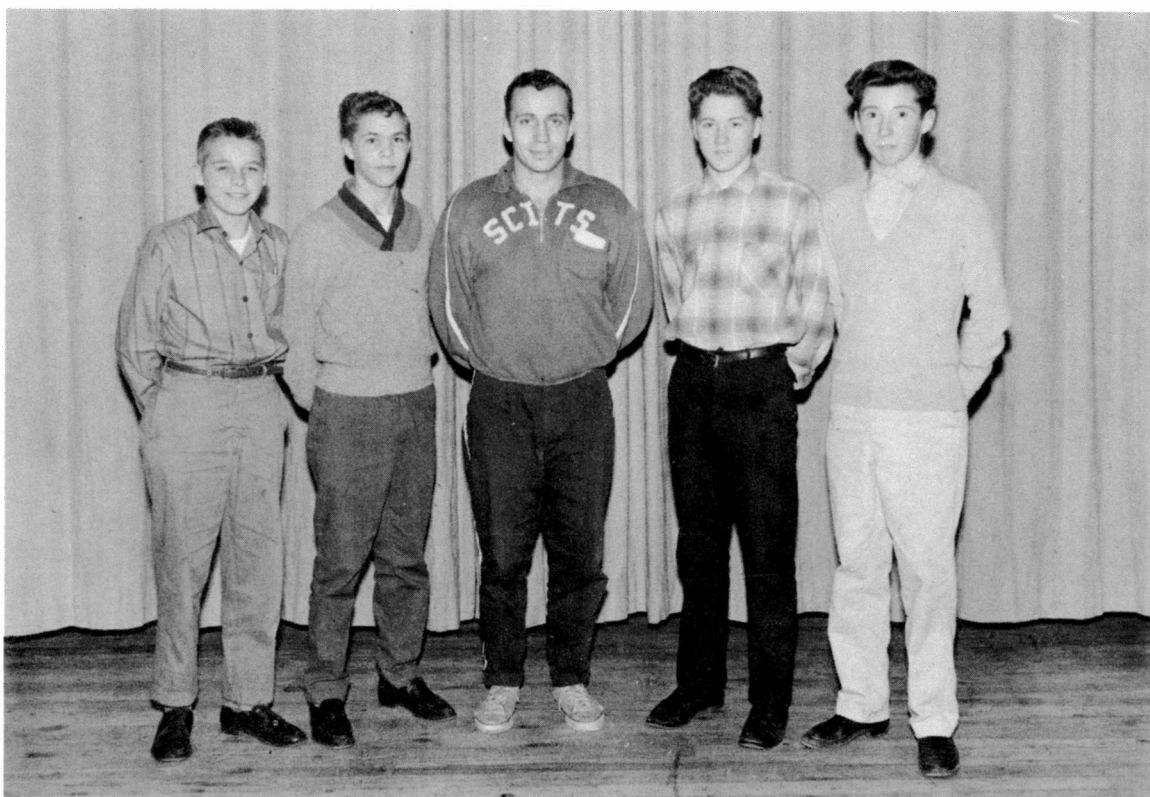

contest had been a "see-saw" battle all the way and now, with 2 seconds left in the game, the score was 44 to 44. S.C.I.T.S. got a 'break! McCallum was fouled in the act of shooting and his two foulshots could put our team ahead to stay. Those two shots represented much more than just 2 points on a scoreboard; they represented all the hours of tedious practice, the hours of extra school work which an athlete must do, and most important of all: our school's reputation as winners. The first shot was up! and the second! Both were good and our team had won the right to enter the playoffs.

Without doubt, the many strenuous hours spent at the foul line had helped to make Jim's shots exact, but it was the desire to win that made them perfect. From this, it can be seen that a burning deep down desire is the key to playing any sport well. But, most important of all, this desire developed by high school sports, is not extinguished at the conclusion of athletic competition; it continues on, not only to aid the student in reaching academic goals, but in his future life as he will become a better citizen in this growing land of ours. This is the value of our high school sports program.

Keith Ambachtsheer
Dan McGaw

A little green student, on a little green day,
Mixed some pretty green chemicals,
In her little green way.
The little green grasses now tenderly wave
On the little green chemist's green little grave.

"Flunked in Physics, tailed in Math,"
I heard him softly hiss.
"I'd like to find the guy who said
That ignorance is bliss."

GYMNASTICS TEAM

Left to Right: Carl Kern, Wayne Goring, Mr. Rome, Ivan Hookey, Paul Hicks.

THE GYMNASTIC TEAM

Our squad entered four big gymnastic meets this year, competing in the vaulting, pommel horse, parallel bars, horizontal bars, tumbling, free calisthenics, and trampoline divisions.

The first meet was held in Toronto where our boys finished second only to a team of practically professionals from Buffalo, New York. Performing brilliantly for S.C.I.T.S. were Paul Hicks, Ivan Hookey, Earl Kern, and Wayne Goring.

The second meet, held in London, was not a team, but an individual competition. Our Junior Team performed here for the first time with less than a month's practice and Alan Turner, John MacBean, Jim Tesky, Ken Percival, Larry Cranston, Bob Pratt, and Shukey Regep looked impressive. Here is how our Seniors fared against teams from the Army and high schools from all over Ontario: pommel horse: Paul Hicks, first and Ivan Hookey third; free calisthenics: Wayne Goring first, Ivan Hookey third; trampoline: Carroll Reardon second, Wayne Goring third.

Our tumblers really shone in the next meet, held in Windsor, as they captured four out of

seven championships, with Paul Hicks placing first on the pommel horse, Wayne Goring placing first in tumbling, and Ivan Hookey and Earl Kern placing first and second in the free calisthenics.

In the Annual WOSSA Meet our lads missed first place by only a few points against stiff competition. Besides the regulars, who were at their usual best, two other gymnasts deserve mention. Michey Paterson, our moustached import from Bracebridge, placed second on the horizontal bars and third in free calisthenics; Ted Eldridge was second in vaulting.

As their record indicates, the Gymnastic Team had a real fine season. Mr. Rome, who deserves a great deal of credit for the excellent showing of the team this year, has pointed out that the majority of the gymnasts are in Grades 9 and 10, and he hopes that in three or four years the team will have close to a hundred performers competing in (and winning) gymnastic events both in and outside of the province.

SENIOR BASKETBALL TEAM

Left to Right: Mr. G. Abell (coach), Ted Holmes, Andy Walker, Gary Davidson, Paul McKellar, John "Ben" Blue, Doug Pollard, Dan Plazek, Tom "Arch" McCord, Ted Tindale (Manager).

Absent: Bob "Bobo" Kidd.

SENIOR BASKETBALL

SCITS 62 — Northern 40

The Seniors were off to a flying start in their first exhibition game. Being real gentlemen, they spotted the Vikings, those wild eyed barbarians from the vast North lands, 12 points in the first half. However, our Bombers decided to cast off their gentlemanly disguise with about eight minutes left and poured a quick thirty points through the hoop to win handily. Tom "Bill Shakespeare" McCord ended the game in true theatrical fashion by nonchalantly tossing the ball through the hoop from mid-court with two seconds remaining in the game.

ALL CITY FINALS

SCITS 44 — Central 48

The traditional final between the Centaurs and our Bombers commenced in our gym. The game was a real tight one with never more than a few points separating the two teams. When the final buzzer sounded, it just happened to be our turn to be a few points behind. Our squad showed fine balance in the scoring department with Holmes and Plazek hitting for 8. Bobo Kidd, the masked marvel, scored 7 and Blue and McKellar had 6 apiece.

SCITS 49 — Central 58

The last contest of the 60-61 season was played at Central on an extremely slippery floor. The Bombers, wearing basketball shoes, had a terrible time manouvering and committed numerous costly fouls. The Centaurs, on skates, moved around very well and again foiled the Bomber's attempt to capture the league championship. Seriously, our squad gave it everything they had in these final games and that is all that we asked from them. Congratulations on a fine season !!

JUNIOR BASKETBALL TEAM

Left to Right: Ken Banting, John Fisher, John Hurst, Doug Widdup, Bill Morgan, Larry Wilbur, Ward Finch (Captain), George Hans, Pete Jennings, Mike Foster, Jim McCallum, Pete Fisher, Dave John.

Squatting: ~~Jim "Dusty"~~ Edger, Jerry Cummings.

JUNIOR BASKETBALL

SCITS 31 — Northern 30

Although this game was only exhibition and was the first of the season for each of the inexperienced teams winning it meant a lot to the boys. Northern had been vaunted as the team to beat this year so that this win gave the Bombers confidence and predicted the successful season that was ahead of them.

SCITS 51 — Parkhill 35

For their second exhibition game the team travelled to Parkhill and won easily even under the handicap presented by the small Parkhill gym. The highlight of the game was the birth of a great new star, Ward Finch, who scored 28 points for the powerful Bombers.

SCITS 35 — St. Patricia's 15

Continuing their winning ways to initiate the regular season, the boys in Blue and White overwhelmed the Irish in our home gym playing an all round sensational game. In there digging all the time for the big team were Mike Foster with 10 points and Ward Finch with 8.

SCITS 32 — Central 43

SCITS 32 — Northern 44

SCITS 51 — St. Patricia's 40

SCITS 46 — Park Hill 25

SCITS 39 — Central 48

SCITS 35 — Northern 38

SCITS 45 — St. Patricia's 37

SCITS 37 — Central 35

SCITS 48 — Northern 44

SCITS 35 — Central 39

Seriously, the Junior Bombers had a great year under a great coach.

Predictions For Next Year in the Local Hoop-League:

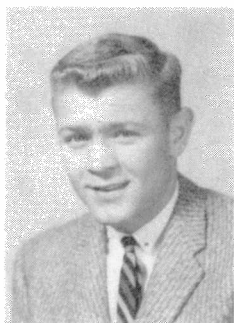

Northern Vikings — will bring in imports from Iceland but will lose on account of tripping on their beards.

Central — will still be crying because of the way we are going to beat them in Football.

St. Pats — still as "green" as ever.

SCITS — Champions all the way. (Ya,Ya!!)

ALL STARS

FOOTBALL

All-Star

DAN "Gentleman" McGAW

6 ft., 175 lbs., Left Guard

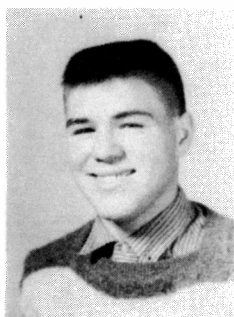

Dan was definitely the Bomber's most gentlemanly player; he never failed to tip his helmet before grinding an opposing player into the grid-iron. Seriously, Dan, one of the hardest hitters on the team, will be greatly missed, as this is his last year at S.C.I.T.S. It was his third year with the Bombers.

RON "Fireball" JACKSON

5 ft. 7 in., 160 lbs., Right Guard

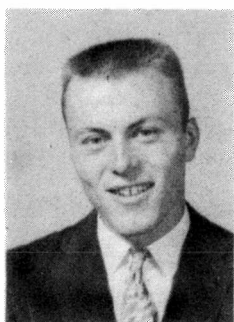

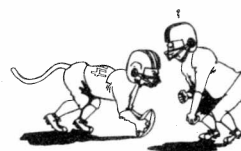

Ron proved that quality, not quantity, is a football player's most important asset. Despite the fact he was one of the smallest linemen in the league, he was still considered best in the city at his position. Ron's bloodthirsty question "Who're we gonna beat this Friday, guys?", will be missed by next year's team. This was Ron's third season on the squad.

DAN "The Rock" CHURCHILL

5 ft. 10 in., 185 lbs., Middle Guard

Although as gentle as a lamb off the field, Dan turned into a real tiger when playing his middle guard spot on defence. Luckily for opposing ball carriers, Dan had a lot of leg trouble but was still picked as the top middle guard in the conference. Having given two seasons of devoted effort to the team, Dan will be greatly missed when the grid-iron unfolds again next season.

LEWIS "Laughing Boy" DAWS

5 ft. 11 in., 179 lbs., Right Fullback

Louie had the reputation of making his teammates laugh and his opponents cry. He was definitely the hardest hitting fullback in the league, a fact which many bruised tacklers will verify. If Louie decides to come back for his fourth season next year, look out Northern!

BASKETBALL

1st All-Star Team

"BOBO" KIDD H.
6 ft. 2 in. 165 lbs.

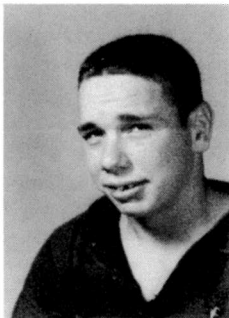

Bobo turned down music scholarships from many colleges including Yale, Princeton and Harvard so he could turn out for this year's Bomber squad. He has done a magnificent job with this year's team, leading them on in songs ranging from "Down the Primrose Lane" to Bach's third concerto in F flat. The really amazing part about this young man is, however, that besides his great feeling for fine music, he is also the top basketball player in the city, scoring both the most points and grabbing the most rebounds in the conference.

2nd All-Star Team

PAUL MCKELLAR
165 lbs. 6 ft. 2 in.

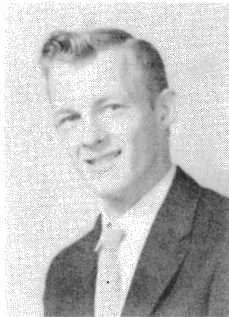

Paul was most noted for his unusual, exciting style of foul shooting. He was certainly a real crowd pleaser!!! His fame did not lie alone in the great number of baskets he scored from the line though, it was his energetic facial configurations that added the most to this year's games. It has been stated that this was done to confuse the other team but in any case it certainly did add enjoyment for each and every person present.

Honourable Mention

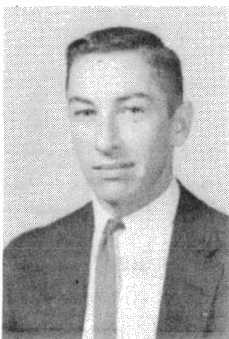

DENNIS "The Silent" HINDS
5 ft. 6 in., 163 lbs., Centre

Dennis spoke fewer words than any member on the squad; he came out strictly to play football. This he did very well, especially when considering that usually his opposing middleguard outweighed him by about 40 lb. Dennis is in grade 9 and will probably make a lot of "noise" before his football career comes to an end.

DON "Bird" PARTRIDGE
6 ft. 1 in., 178 lbs., Right End

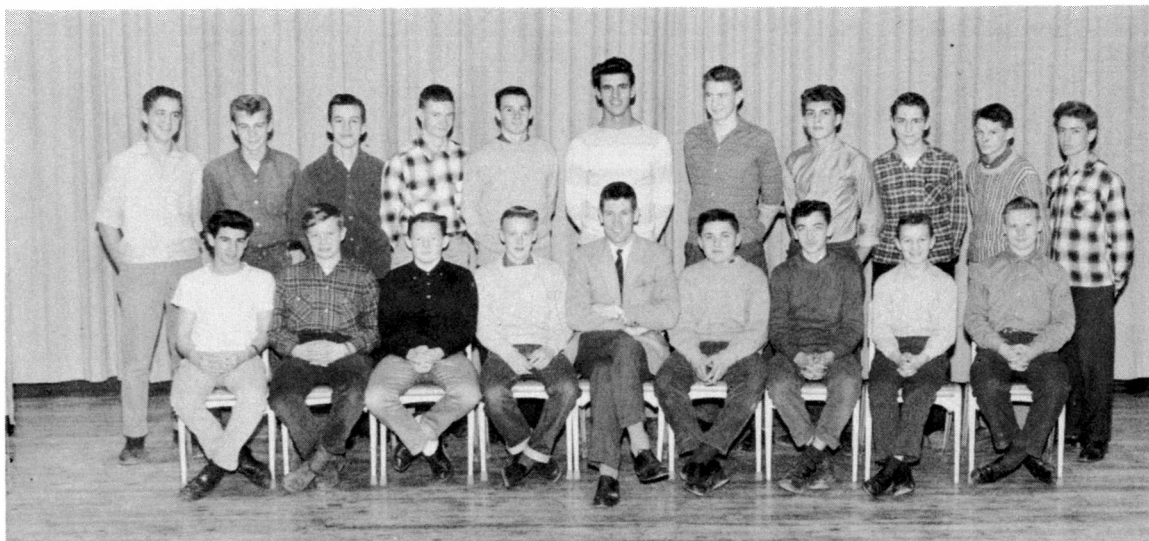

Although Don's play was excellent at all times during the season, he will be best remembered for his long touchdown run against Central. It was plain to see how he obtained his title "Bird" as he flew away from the bewildered Centaurs. Succeeding squads will have difficulty filling in for Don's good humour and hearty laugh which have prevailed in the dressing room for the last three years, as he will graduate this June.

KEITH "Dutchie" AMBACHTSHEER
5 ft. 9 in., 150 lbs., Left Fullback

Keith, a stickler for cleanliness at all times, abhorred having dirty cleats during a game, and thus could be observed wiping his spikes on would-be tacklers and grinding out long gains at any point in the contest. Aside from this, "The Dutchman" carried more than his share of the load this year, playing extensively on defence as well as taking his regular turn on offence. This, his second and last season with the team, was certainly a great one for Keith.

JUNIOR SOCCER TEAM

JUNIOR SOCCER 1960

The entire junior team this year was composed of greenhorn players. Not one man of the victorious '59 squad played. Despite this the team had the fighting spirit and did as well as their experience would permit.

St. Patricia's vs. SCITS

The team after only two nights practice played a surprisingly hard game. They gave St. Patricia's one of their toughest games but were defeated 1-0.

SCITS vs. Northern

A top spirited team from SCI dominated play for the whole game. The victory was easier than the score relates 2-0.

SCITS vs Central

A larger Central team came from behind in the last minute to tie the score at 2-2 in a very rough game.

SCITS vs. St. Patricia's

The high flying Irishmen took an easy victory; walking around SCITS to score five counters. SCITS scored the first goal against St. Patricia's in this season.

Northern vs. SCITS

Northern won this game on a free kick after coming from behind. A chance for SCITS to tie the score went away on a similar free kick. Final score 2-1 for Northern.

Central vs SCITS

Excellent goalkeeping on the part of Central

as they sent SCI shots to the side many times. On the other hand 3 points went in for Central.

St. Patricia's vs SCITS

St. Patricia's took a comfortable lead, then let up. The never quitting SCITS team rushed back with 3 goals. Once again the Irish tightened and got back the points. Final score 8-3.

SCITS vs Northern

SCITS got back into the win column with a 3-2 win over Northern. A better passing game for SCITS was responsible for this win.

SCITS vs Central

Central came to the field after a sound beating by St. Patricia's in the previous game and took the surprised SCITS team 5-1.

SCITS vs St. Patricia's

The once-beaten Irish put the clincher on the city championship in an impressive 7-1 march over our lads.

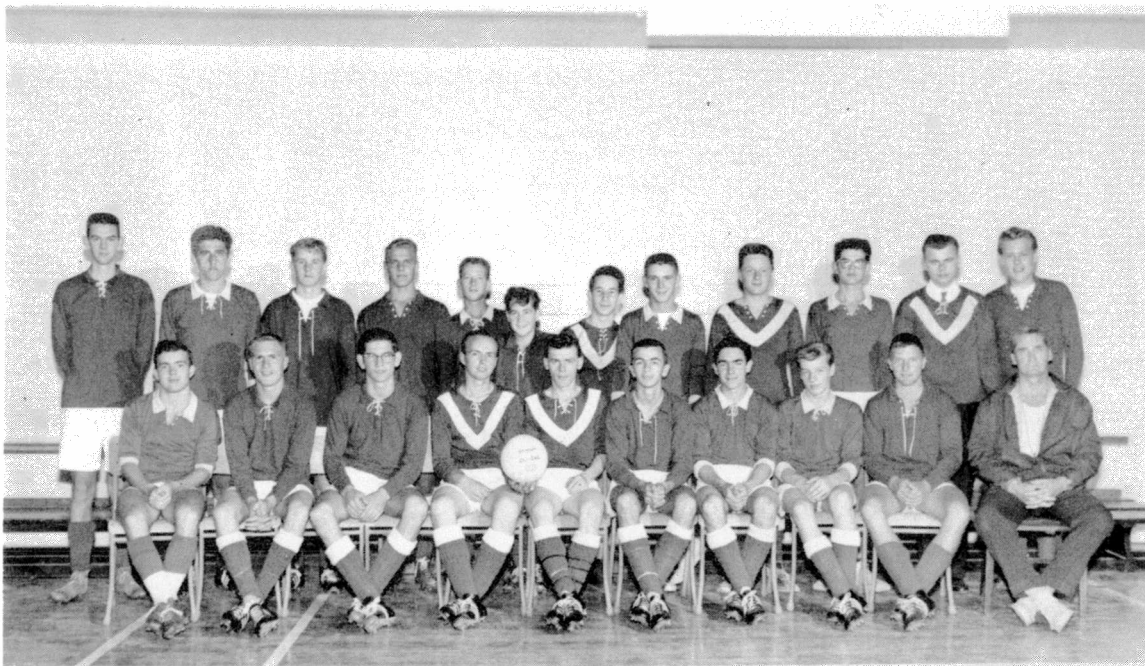

Northern vs SCITS

With only one game left SCITS took third place with a 2-0 win. This set up a crushing 10-1 victory for St. Patricia's in Northern's last game.

Central vs SCITS

The fighting SCI came bouncing back in the final quarter to draw a 2-2 tie in their last game.

Many thanks goes to Mr. Gulliford for the magnificent job he did with our boys. If he is with us next year, I'm sure the city championship trophy will come back to where it belongs.

SENIOR SOCCER 1960

SCITS 3 — Northern 2

In this game SCITS got off to a fast two goal lead. Northern came back to tie it up but a determined SCITS eleven scored another goal which proved to be enough.

SCITS 4 — Central 1

With this 4 to 1 victory things looked good for SCITS to return the Wood Trophy for a second year.

SCITS 1 — Northern 2

A fired up Northern team struck a disheartening blow to our team with this 2 to 1 victory. Our team played hard but pin-point passing and good heading defeated our team.

SCITS 5 — Central 2

SCITS once again defeated a slower, less-polished Central team by three goals and looked forward to their next encounter with Northern.

SCITS 0 — Northern 1

In a hard fought, close game Northern managed to ease out a 1 to 0 win over our much improved team. With this win Northern won the right to go into the W.O.S.S.A. playdowns.

SCITS 6 — Central 0

SCITS broke out to show their true scoring power with a 6 goal deluge.

SCITS 0 — Northern 4

SCITS seemed to fall apart at the seams and gave Northern a 4 to 0 victory. With this win Northern took the Wood trophy from our showcase.

SCITS 6 — Central 0

In a game with nothing at stake the SCITS team showed that sheer desire to win is what makes a great team.

Even though our team did not retain the Wood Trophy, they represented SCITS well, and showed they were a fighting team with a fighting spirit.

Middle Row: Jim McCallum, Gary Downey, Denis Hinds, Mike Watson, Jim Devereux, Bill Clawson, Rick Watson, Don Sheffield, Brian Cassin, Dick Bouffard, Brian McNeil, Dan Plazek, Gib Whitlock, Ernie Plain, John Woodrowe, Gord Buxton, Mr. Aiella.

Front Row: Jim Robinson, Doug Bryce, Keith Ambachsheer, Ron Jackson, Bob Cope, Bill Grant, Mr. Edgar (coach), Pete Smith, Chuck Jackson, Dave Bedard, Dan Oreskovitch, Stan Hocking, Jim Plazek, Keith Le Conte, Gerry Cummings (manager).

SCITS 0 — Northern 42

The Bombers ran up against a power-packed Northern team in their first game. The team put up a good fight and the score was not indicative of the play.

SCITS 6 — Central 15

This second game of the season was determined by breaks. Both the offence and defence played a much improved game. Scoring the SCITS major was Lewis Daws.

SCITS 21 — Pat's 13

The third game was played at night in the annual Red Feather Kick-Off. SCITS came through with a double victory as the Bombers defeated the Irish and the captain of our cheer-leading squad was crowned Miss Red Feather. Hard-running Lewis Daws put our squad ahead early in the game. St. Pat's countered with 2 T.D.'s making the score 13-7 going into the fourth quarter. The Bombers were not to be denied in this game however, and came back with two T.D.'s by Lewis Daws and Keith "Dutchie" Ambachtsheer to win 21-13. This night might well have been the highlight of the '60-'61 school year at SCITS.

SCITS 0 — Northern 34

Injuries played a big part in this game. The offence lacked its usual punch with half back Lewis Daws sidelined with an injury. The defence missed the services of its captain and signal-caller Pete Smith along with the big linemen Dick Bouffard and Dan Churchill. Although the score was close at half-time, the powerful Vikings pulled away in the second half.

SCITS 13 — Central 15

This battle was a real heartbreaker for the Bombers. The game proved what a few bad breaks can do because our team outplayed the Centaurs. Cental hit the score sheet in the 1st half with a single and a converted touchdown.

Dan "Tiger" Oreskovitch, our 118 lb. quarter-back, then threw a surprise pass to end Don Partridge to open the 2nd half and Partridge galloped 50 yards for the T.D. Hocking converted to make the score 8-7. Central scored again to make it 15-7 and then Daws bulled across the goaline for the final T.D. of the game.

SCITS 17 — St. Pat's 13

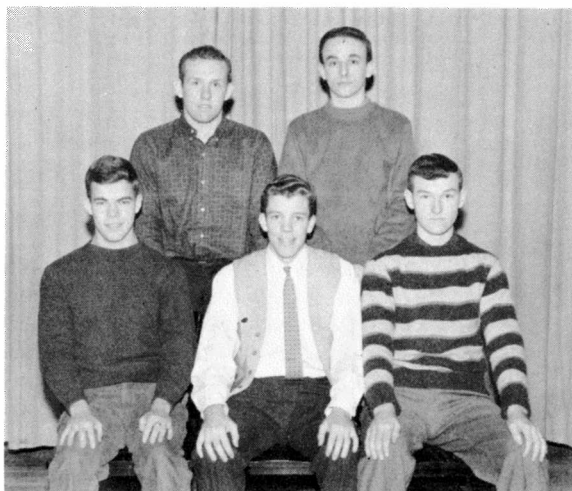

St. Pat's opened the scoring in the final encounter of the season. Then the Bombers scored all their points on a single, a touchback, and T.D.'s by Keith "Dutchie" Ambachtsheer and Dan Oreskovitch. St. Pat's threatened in the 4th quarter but the Bombers defence withstood the pressure and the game ended in a Blue and White victory.

S.C.I.T.S. RIFLE TEAM

The S.C.I.T.S. Rifle team, for the second consecutive year, captured the Sapper's Trophy in the inter-school competition. The upset of this year's event was the winning of the high single trophy by a junior member, Earl Kern.

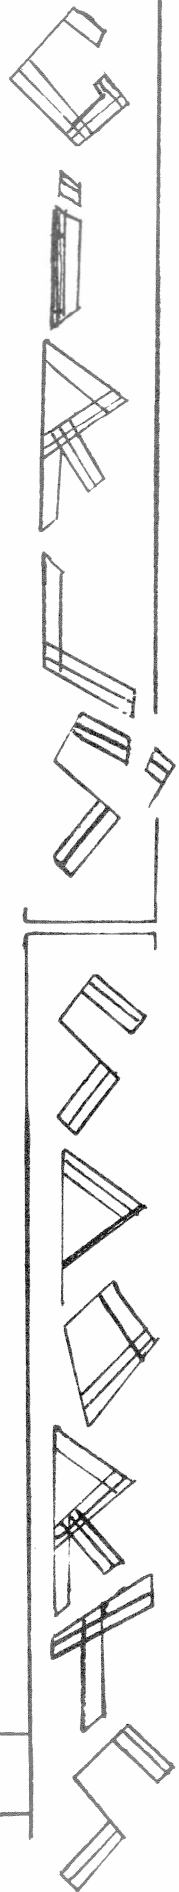

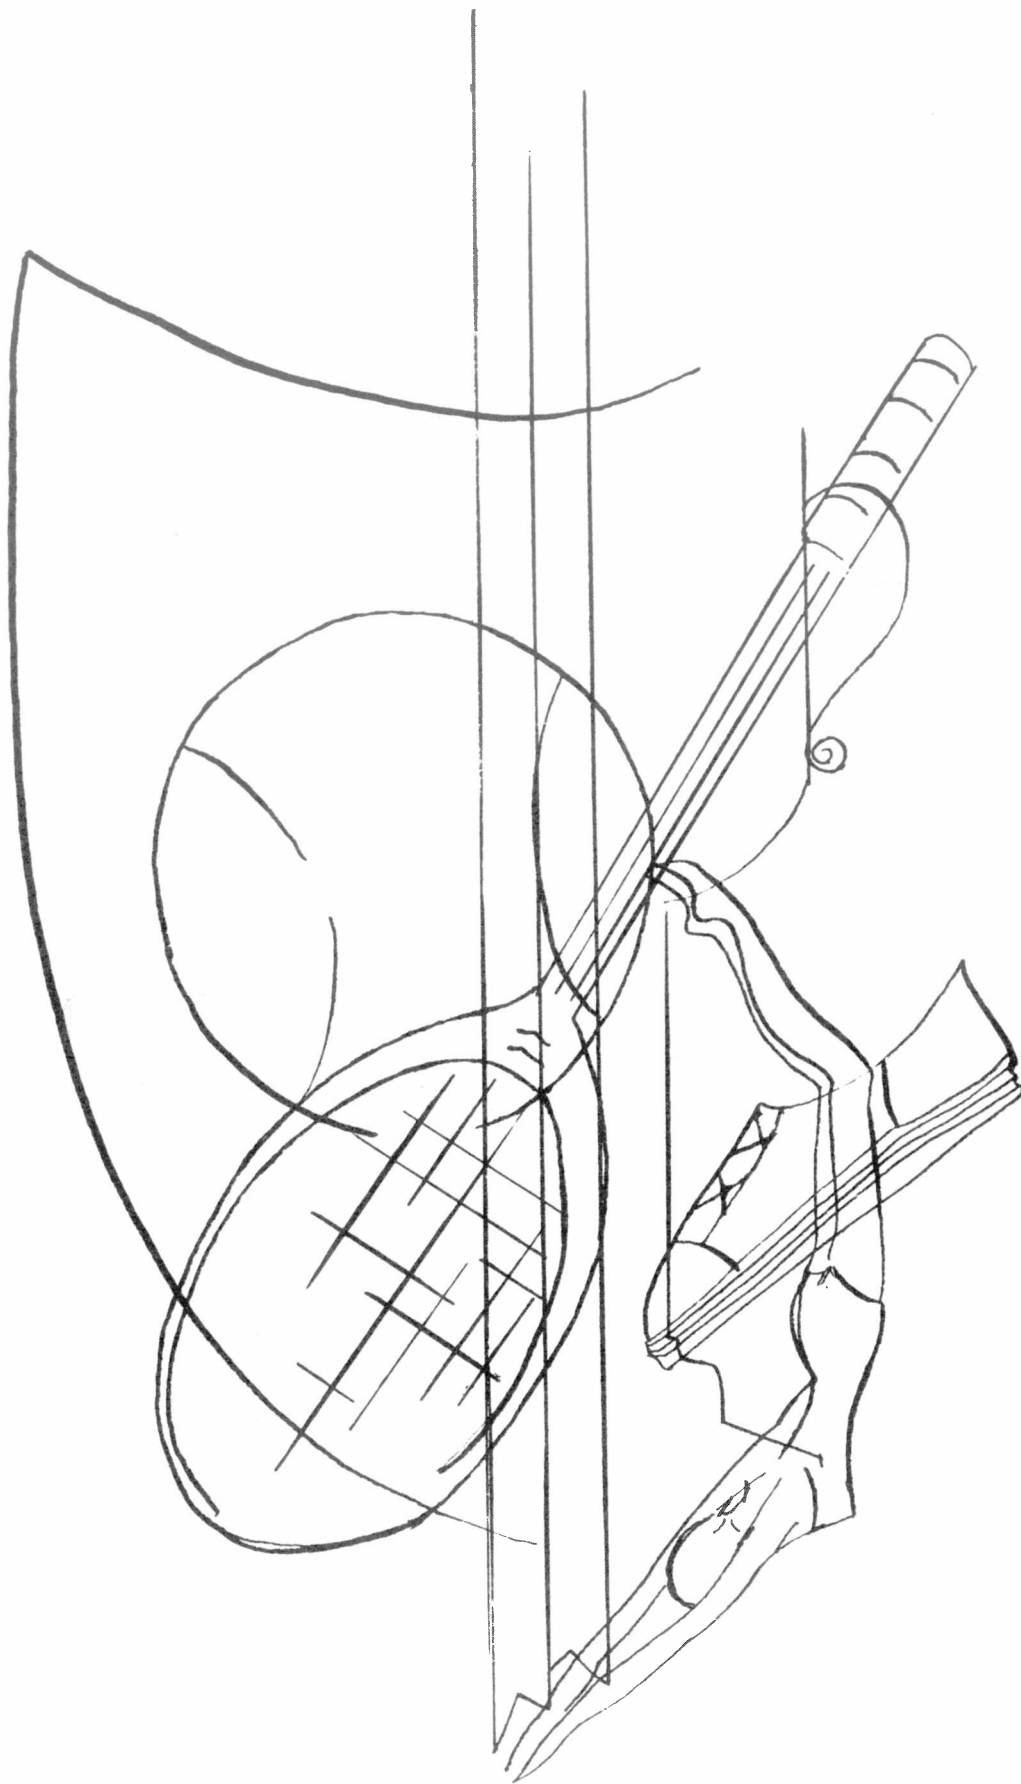

Throughout the year the team has distinguished itself by receiving high honours in all competitions. Two members ranked especially high in the Youth of the Empire rifle meet. Ted Kirk was one of the two shooters, in Ontario, to receive the silver medal, for a score of 100, while Larry Johnson, one of five to receive the bronze medal, scored 99.

Coaching by P.W. Corns has been the major factor for the outstanding success of the S.C.I.T.S. Rifle Team in recent years. He has given up many of his weekends so that the team could properly prepare for the inter-school competition. The members of this year's team extend to him their deepest gratitude and sincere thanks.

SWIMMING

An excellent swimming program was conducted at S.C.I.T.S. this year. Besides the two Senior Swimmer Classes, a Bronze Medallion course was also conducted. The highlight of the year came when the instructors of these courses were given the opportunity to attend a Red Cross Water Safety Course in Windsor during the Easter holidays. This course turned out to be an extremely tough one, but the swimmers, Ted Kirk, Ken Gamble, Dick DeLong, John Reardon, Bob Cocarell, and Jim Clelland, are now proud qualified Red Cross Instructors. Congratulations!

JANICE HAYES 12-B

Editorial

Every girl has, at some time or other, asked, "Why do we have to take gym?" or "Why do we have to do these silly exercises?" The main reason for having gym classes is that physical education is a required subject because it is necessary to have physical fitness as well as mental fitness. By stimulating the body, we clear our minds.

Besides giving the girls the necessary exercise they need, P.E. provides a break from academic studies enabling them to relax and have fun and to return to class refreshed and eager to continue their studies.

In P.E. classes, the girls learn how to get along with others, good sportsmanship, various games and exercises, and how to take responsibility enabling them to carry on in class with little or no supervision.

Games such as basketball help the girls to achieve and maintain interest in spectator sports. The girls with special ability are given the opportunity to go on in the sports in which they excel. Some girls decide to become P.E. teachers or go into "Y" work because of the enjoyment they received in their gym classes.

Physical education helps to broaden the interests of the girls, shows them how to relax and enjoy themselves, and, all in all, helps to make their lives a little richer.

PRESIDENT'S REMARKS

This year the G.A.A. tried a few firsts. For the first time in the history of SCITS we sponsored a "Posture Queen" contest. Every girl in the school who took physical training was given a letter "S", and these girls were disqualified on the basis of breaking the rules which had been drawn up. Teachers were asked to help the G.A.A. members and finally a winner was chosen. The Girl's Athletic was very happy to crown Beulah Blakely as "Miss Posture Queen of SCITS, 1961." Beulah was crowned at a school dance and was presented with a dozen red roses and a bedroom clock. The four runner-up were Louise Delong, Ellen Wilkins, Susan Coates and Eileen Price, and they were presented with flowers.

With the addition of the cafeteria it was poss-

ible to have our first banquet in the spring. It was indeed a success and we hope the girls had a good time. The banquet was preceded by a fashion show sponsored by Emily of the "Emily Shoppe". This is the second fashion show which Emily has arranged for us and the members of the G.A.A. want her to know that her hard work was deeply appreciated; especially this year when she had such short notice.

In closing I would suggest that the executive start the new year off in September by reading the "Constitution of the G.A.A." to the members so that they will know where they stand when the question of privileges or authority arises.

Mr. Stevens: "We will have a test tomorrow. We have not had one since the downfall of Napoleon."

LAKE COUCHICHIING

Usually when writing about Lake Couchiching, people tend to concentrate more on the serious aspects of the time spent there. Even though many go to great lengths explaining the lessons which one is given to develop leadership qualities, I believe that it is not the lessons on discus throwing that stick in the mind, but rather the time the chipmunks got into the garbage can outside the cabin, and that the lessons themselves were not meant to be the most important things, but rather, the vast areas of self-expression laid open by them.

Camp meant a lot to me; just as it has meant a lot to others who went before me; just as it will mean a lot to those going after me. It's really an amazing experience. One day you find yourself sharing a cabin with twelve strangers, and two weeks later the tears are streaming down your face when you have to say good-bye to the best bunch of kids in the world, knowing you'll probably never meet again.

Lake Couchiching campers actually do get a lot closer to each other than other campers. After two weeks of rubbing each other's backs

with everything from liniment to 612 and back again, of helping each other make it up to the top bunk every night, of smuggling hot watermelons into camp, of reading each other's mail, of escorting each other 500 yards to the washroom and back at 3 a.m., and of dragging through ten hours of the toughest schedule ever devised by man or beast, you're drawn together by common self-pity, if nothing else.

You soon forget your pulled muscles, stiff necks, sore backs, and the time the nurse forgot she was giving you a heat treatment and let your leg stay under the lamp until it started to smoulder. In time the names, faces, and other incidents will probably fade away too. There is one thing, however, which will never go and that is the feeling of gratitude to everyone who made it all possible.

THE GIRLS' ATHLETIC ASSOCIATION

This year the intermediate and senior girls nominated and voted for thirteen girls whom they thought would be most suitable for their G.A.A. Two girls were chosen from grade X and the remaining eleven from grades XI, XII, and XIII.

Elected for presidency was Jeanette Kilbreath 12B. Vice-President was Barb Jordan 12A, secretary, Susan Ewener 12B, and treasurer, Anne Allen 12B.

Sports curators were appointed and they were responsible for drawing up the individual sports' schedules. These girls were:

Basketball — Barb Jordan and Sandra Geary
 Soccer — Judy Waters and Vicki Hawryluk
 Badminton — Anne Allen and Leslie Sadlier
 Volleyball — Sandra Charyk and Susan Ewener
 Swimming — Sandra Charyk
 Referees' Club — Gail Siegel
 Baseball — Marg Pursel, Kathy Ewener, and Sandra Steel
 Track and Field — Susan Ewener and Sandra Geary

Every day of the week two girls were present in the gym. They set up the necessary equipment

for the sport being played and acted as supervisors. Thus, someone from the G.A.A. was present at all times.

There were no interschool teams this year. At the conclusion of each sport, a "Round Robin" tournament was held at one of the four schools. In this tournament, the winning junior, intermediate, and senior form teams of one school played the form winners from the other three schools.

In the spring, the G.A.A. sponsored a posture contest in which every girl who took physical education took part. The queen was crowned at a school dance along with four runners-up.

With the addition of the cafeteria, it was possible to have a banquet at which the crests and bars were presented to the girls who had worked hard to earn the required number of points.

The girls of the school wish to extend their appreciation to Miss Smith, Mrs. Harper, and the members of the G.A.A. for a very interesting program this year.

Perhaps next year there will be a few girls' W.O.S.S.A. teams.

BASKETBALL

The basketball tournament this year was quite successful. Games were played in the noon hour, with three games usually taking place at that time.

Winners of the junior division were C9A (2). Members of the team were: Karen Armstrong, Pat Cooper, Marilyn Fair, Judy McCrea, Connie McLeod, Cheryl Moore, and Sharon Waller.

Intermediate winners were: Stephanie Brock, Pat Jackson, Marg Knowles, Barb Phippen - captain, Marilyn Pratt, Penny Pringle, Linda Standnyk, and Donna Watson of 10C.

Senior B winners were C11B with Donna Archer, Shirley Bailey, Virginia Daly, Bonnie Douglas, Cheryl Dowswell, Lorraine McKeen - captain, Carol Spalding, Elsi Storozuk, Sharon Widner, and Shirley Williams.

Senior A winners were 12B. Members of this team were: June Allen, Virve Brutus, Dorothy

Ann Henry, Ingrid Iwanoski, Betty Jane Little, and Janet Richardson - captain.

In a playoff tournament between these teams, 10C and 12B were the winners and the candidates for the Round Robin Tournament. The girls from S.C.I. & T.S. placed third in both the junior and the senior divisions. Officials representing our school at this tournament were: Sandra Steel, Terry Lynn Black, Barb Alexander, Bev Black, Karen Black, and Joyce Pyette.

CHEERLEADERS

Well we — or rather our cheerleaders — dit it! The cheerleading squad from S.C.I. & T.S. captured the Miss Red Feather Crown. Congratulations to Mrs. Harper, who worked along with the girls, to Penny Brooksbank, captain of the team and Miss Red Feather, and to the other members of the team, Edna Chartrand, Susan Ewener, Judy Foster, Marlene Lukon, Leslie Sadler and Mary Shaw.

The Red Feather Game also marked the first time the girls wore their new uniforms. These outfits consist of blue pleated skirts and white bulky-knit sweaters with a blue "S" on the front. The girls looked very chic as they led the student body in cheers, old and new.

Thanks for the splendid effort, at both the football and basketball games.

THE POSTURE QUEEN CONTEST

This event took place on April 17 through April 21. Each girl who took physical education received an "S" at the beginning of the week. The teachers and the members of the G.A.A. had the authority to take the "S" away from any girl who was caught slouching, chewing gum, or carrying their books in the wrong manner.

The field was narrowed down to fifteen contestants by Thursday. These girls were then put before a panel of judges. A winner and four runners-up were chosen from this group. The winner was announced at a dance sponsored by the G.A.A. the following evening.

Many thanks to all who made the contest possible and the success that it was. The appearance of the girls certainly improved during that time but there were many aches and pains to accompany the good posture.

REFEREES' CLUB

Back Row: Sandra Steel, Ivamae Shannon, Terry Lyn Black, Karen Black, Barb Alexander, Joyce Pyette.

Front Row: Barb Jordan, Gail Siegal, Vicky Hawlyruk, Bev Black.

REFEREES' CLUB

The Referees' Club plays a very important part in carrying out the girls' interform sports. These girls supervise all interform games and the few inter-school games.

The girls did quite well in the tests of volleyball and basketball rules and regulations. Many thanks to these girls from those participating in the interform sports.

Gail Siegel was the Referees' Club instructor. Other members were: Barb Alexander, Bev Black, Karen Black, Terry Lynn Black, Vicky Hawryluk, Barb Jordan, Joyce Pyette, Ivamae Shannon, and Sandra Steel.

BADMINTON

After the completion of the basketball season, the girls began a badminton doubles tournament. The games were played at noon and after school. The tournament took the form of a "ladder"

tournament in which the girls signed up in pairs and the pairs were picked at random for the rungs of the ladder. The girls could challenge only the pair immediately ahead of them or two rungs ahead. The tournament was very successful. Thanks go to Sandra Steel and Judy Clawson, the curators for this event.

GYM CLUB

This group consists mainly of girls from grades nine and ten and a few from grade eleven who are interested in advancing in their work on the tramp, matts, and horse.

The girls learn various stunts which develop and build body coordination and which help to keep the girls physically fit.

The girls wish to thank both Miss Smith and Mrs. Harper for the time and effort they spent with the Club.

SOCIAL

EVENTS

Editorials.

By virtue of my great experience on the magazine staff (I had pasted pictures on make-up sheets last year), I became Social Editor this year. Quite frankly it was as big a shock to me as it was to anyone else. I knew that Bob Muir had put me down as one of his "editors", but I didn't know what my duties were until the day he introduced the staff in assembly. To be truthful even then, not knowing whether to believe my ears, I had to ask the fellow editor beside me to repeat my title.

But enough of this frivolity (and the English teachers claim two syllable words are my limit) an editorial should inspire people on to greater heights. So, if you'll fasten your seat-belts and refrain from smoking, I shall mount my soap-box (a perilous task in itself because the only one I could find was a flimsy cardboard type) and start inspiring.

As you may have noticed already most of the dance write-ups are rather stereotyped. There is one good reason for it—so are the dances.

Aside from the "At Home" which is often the best part of Commencement, the school dances are far the most part identical. This is a common affliction which has struck not only our dances but also the "Y" and even the other schools, to

such an extent that it might even reach the point where it will be a pleasure to stay home. (Heaven forbid)

While we of S.C.I.&T.S. have a great tradition to maintain, it doesn't mean that we have to keep holding the same type of dances, the first "Scitsnicks" of over 30 years ago. On the contrary, Scits has a reputation of doing the new and the unusual. The school, I'm told, was one of the first camp site schools in Ontario, the Scits Revue is the only undertaking of its type among the high schools, and last, but not least, the Scits orchestra has reached a new pinnacle of lousiness each year.

Yes, we have a lot of things to be proud of and live up to. However, with an eye to the future let's start experimenting with new and different dance programmes; let's establish some customs of our own; let's make the other schools realize we're to be copied not to copy; and, above all, let's get behind the school and build up some real school spirit.

I should like to take this opportunity to thank everyone who has helped me with this job all the way from Mr. Galpin and Bob Muir to the whole staff to Samuel Lampel and Sons Ltd., from whom I steal all my pencils.

If little Red Riding Hood lived today
The modern girl would scorn her,
She only had to meet one wolf
Not one on every corner.

Mr. Pate: "Now Kathy, are you learning something?"

Kathy K.: "No sir, I'm listening to you."

Bus conductor: "Fare please."

Mr. Little: "Faire, faisant, fait, fais, fit."

THE KEY CLUB ANNUAL

This, the first dance of the season, started things out in the usual Key Club way, which has become so well-known throughout the school. The gym was decked out in the traditional blue and yellow Key Club colours. Attending were many students, who all seemed to enjoy themselves, and one Key Clubber even went so far as to classify the whole affair as a success. We wish the entire Key Club much of the same success in their annual dance in the following years and with their other worthwhile projects.

THE RED FEATHER KICK-OFF

Even though it did take place two weeks prior to the Red Feather Game this dance, as St. Pat's well knows, must have done the trick. The colours of the "Big Four", schools that is, were in evidence everywhere, with the good old Blue and White shown off to full advantage. The dance was very well attended and provided a most enjoyable evening, to say the least. The Students' Council should be congratulated for the fine job they do every year in making school life much more pleasant for us all.

DUNCES' DRAG

12A and B, upon being given another opportunity to demonstrate their outstanding organizational qualities, came through in their usual great style. Their attractive red and white colour scheme brought gasps of delight from the big after-exam crowd which was drawn all the way from Northern to warmer climates for the occasion. There are no words which can express 12A-B's constant striving for the best in life and eagerness to provide a good example for the younger forms. Keep up the good work, kids!

JANUARY JIVE

13 A-B's annual dance was attended by around 100 students, who paid their money to look at the green and white streamers, to dance, and to listen to the music of Ted McLeod only to find an indescribable odour (stink bombs dropped by some low-flying CENTRALITES) present everywhere. However, once the students, who had been overcome by the smell, were carried away, things got back to normal and everyone settled down to having a good time. The grade 13 students who took time off from their studies to make this possible are to be congratulated for their fine job.

Commencement

Of the three commencements which I have had the pleasure of attending, this was the most enjoyable.

The ceremonies, as always, were impressive. I doubt if anyone can fail to be moved by the long line of prize-winners and graduates, many of them old friends, and many coming back for the last time to receive diplomas. It is indeed an occasion of mixed feelings, joy tinged with sorrow.

After the ceremonies came the traditional reception, where the students could enjoy the extra pleasure of being waited on by a staff member (a rather unique experience it is too, seing them work, I mean). This year there was the added feature of having this affair take place in our new cafeteria which was adorned in the school colours and sported a huge "Welcome SCITS Grade" sign on the east wall.

Following the reception the graduates, prize-winners, and senior students all moved through the long arch of blue and white streamers into the boys' gym. That huge room is usually anything but attractive, however, that night, through the magic of the Students' Council and the efforts of many students, it was transformed into a masterpiece of purple and white. It was, in all truth, the most beautiful job of decorating that I have ever seen in that gym.

The attractiveness of the gym was complimented by the orchestra, "The Five of Us". These five people, all old Grads of the school,

didn't put their "alma mater" to sham one bit. They are, I'm sure, one of the top groups in this area, if their playing that night was a sample.

Even though Commencement 1960 can now be classified as a resounding success there are still a few improvements which possibly could be made. They are as follows:

1. Caps and Gowns for all graduating students.
2. Lessons on how to make coffee for the person in charge of that function.
3. No more whole strawberries in the punch.
4. More Valedictory addresses like the one we heard this year.
5. The addition of a short speech to be made by a graduating student voted outstanding by his class welcoming the guests on behalf of the graduating class. This could perhaps take the place of some of the presentation speeches, as far as time goes.

SCITS

By this time quite a lot has already been said about the SCITS REVUE, a lot of it needless. I won't attempt to comment on the show itself, we all have our own opinions on that, but rather on two things that really irked me in connection with this show.

One was the way certain non-participating students were so eager to criticize the show and say that "they" could have done a better job than those in the Revue. I am sure that these "talented few" couldn't have poured as much time, energy, and even tears into the staging of the show and produced a better more communal effort. But enough about these people who next year will still be sitting out front criticizing without having offered their tremendous talents.

The other thing that bothered me was the attitude of the newspaper. I don't mean about the comments on the show that appeared Saturday night either. It has always "burned me up" to see the few kids who get mixed up in some sort of trouble rate headlines in the paper without any mention being given to the good deeds of the majority.

In this instant I was surprised that the Sarnia Observer, which was so quick to tear the show apart, did not even think that the wonderful way in which the cast of the Revue handled itself Saturday night was worthy of comment.

What FOOLS these mortals be!

BENEFIT DANCE

This department has nothing but praise for C-Special and the students who really came through for Dianne McLeod.

The dance was the best-attended, best-decorated affair we've had at this school yet. It's impossible to criticize it and any other praise I might have would merely be repetition, so I think I'll quit while I'm ahead. It was a wonderful dance for a wonderful cause.

FIRST DRESS-UP DAY

This school year saw many new ovations at S.C.I.&T.S. not the least of which was Dress Up Day. By order of the Students' Council the first Monday of each month was set aside as the day on which the students were to dress a little better than usual.

The idea of having such a day is by no means new. We are one of the last Sarnia high schools to start this system, but I feel that there are some faults with the organization which spoil the whole effect of the day. In the first place there has never been any effort made to establish definite dress regulations and also no one has ever made it mandatory for students to dress up. Another thing which spoils the spirit of the day is P.T. No one likes to get all dressed up and then have to get dressed and undressed in a matter of three or four minutes.

I can't help thinking, in spite of the good intentions behind it, our first dress-up day was a flop.

TWIRPEY TWINKLE:

The Ad Astra Staff went all out in trying to provide an evening's entertainment for the students. The dance, however, was poorly attended. Perhaps this can be blamed on the fact that it was a Twirp Dance, but if this was not the case there remain only two other alternatives, either the students of this school don't care about supporting their magazine or they just don't care for school dances anymore. Let's hope that the last two ideas are not the case.

Dancing: The art of pulling your feet away faster than your partner can step on them.

Friend: Person who dislikes the same people you do.

Optimist: Person who puts a two-cent stamp on a letter and marks it airmail.

Necessary evil: One we like so much we don't care about abolishing it.

Algebra Made Easy; or,
If at Logs You Don't Succeed,
Try the Antilogs.

Once, long ago, a little log
Met a little antilog.
She danced 'till late at night with him,
To the music of a log-a-rhythm.
Then he took her home, to page 421,
It was a ranch, and called "Bar None."
And although his characteristic was shy,
He got up the nerve to kiss her good-bye.
She wasn't shy, so she let him kiss her,
Now they're married and have a little mantissa.

There was a number.
His name was log.
His father's sister,
Was anti-log.

A divinity student named Fiddle,
Refused to accept his degree.
He didn't object to the Fiddle,
But he hated the Fiddle D.D

Mr. Brown: I don't either, but it's the lowest

Mr. Beardsley: I take great pleasure in giving

D. Smith: Oh make it 100 and really enjoy your-
